While the bread is baking you can wander around the farm where you can explore the stone buildings and discover representations of activities of rural life on the island.

Stroll in the gardens with fruit trees and herbs, visit the petting zoo or take part in other fun activities. Once you enjoy the sunset over the beautiful land of Cyprus, we will open the oven to taste the hot fresh bread and rolls that you have prepared.

Tue & Sat

**This is a rare opportunity** to explore the charming Cypriot countryside and experience our rural culture. The journey takes us through quaint villages where the island's traditional lifestyle has remained unchanged. Our first stop will be at Kelokedara village. Step back in time during a special ride on the authentic 'Bedford' village bus – still going strong today! Travelling along winding roads and picturesque orange groves, we make our way to the "Xeros" river valley and the Argonaftis Donkey Farm where the friendly Cyprus donkeys enjoy tender and loving care, including shelter, veterinary attention and a healthy breeding programme.

A warm welcome and genuine hospitality await you upon arrival, with **village wine**, local firewater '**zivania**', and other local treats such as '**halloumi**' cheese, olives, '**soujoukkos**' (a sweet made of grape syrup and almonds) and **fresh clay oven baked bread**.

Meet the friendly **donkeys** and enjoy a ride along peaceful country lanes leading to the abandoned 14th century monastery, **Panayia tou Sindi**. Recognized as a World Cultural Heritage monument, the monastery has been expertly restored by UNESCO and in 1997 was granted the prestigious EUROPA NOSTRA award.

Relax in the tranquility of the hills with a snack of **seasonal fruit** before our return to the farm where a traditional **BBQ meal** will be waiting for you, complete with **homemade specialities, wine, zivania, and juice** for the children. When you have had your fill, join in the fun of **Cypriot music and folk dancing**, including the requisite '**Syrtaki**' ritual, then dance the night away to our DJ's repertoire of Greek and international music. The ambience is exceptional and brings you face to face with the real Cyprus countryside, original hospitality, fun, adventure, good food and unexpected entertainment. Before leaving the donkey farm you will be presented with a Diploma to certify you have completed all the 'challenges'...

Simply the best outing in Cyprus for all ages – **with dinner included!**

**This expedition** on self-drive quad bikes is designed to quench your thirst for adventure with a powerful adrenaline rush. The guided tour unveils the inherent beauty of Cyprus and the interesting features of the southeastern coast of our island. It all starts at the Argonaftis Animal Park, located near the Achna water reservoir and dam.

Upon arrival at the Park you will be welcomed in traditional Cypriot style with coffee, local haloumi cheese, olives and bread. After being briefed about the rules of safety and operating procedures, you will be given your safety gear and can then take control of your fully automatic quad bike. Starting on a flat tarmac surface, you will practice handling the ATV before progressing on to the dirt tracks around the Achna dam with all their undulations and turns. When your guides are satisfied that everyone is confident, you will advance to more challenging trails for a 2,5-hour tour with ample time to explore the beautiful countryside in the area called "red villages". Our safari will cover over 40km on diverse terrains, driving along the Green Line that has divided Cyprus since the Turkish invasion. En route you will see churches and chapels, windmills, orange groves, water-melon and 'kolokasi' plantations and farms.

We will then return to the Animal Park, where a sizzling BBQ meal accompanied by home-cooked specialities with wine, zivania and juice will be served at the farmhouse. After the meal you can join in the live entertainment featuring Cypriot music, folk dancing, the popular Greek 'Syrtaki', as well as a costume show and international music. A fun and exciting experience you won't want to miss!

**Note:** The minimum age for this excursion is 18 years. Helmet and goggles are provided.

Stroll around the Park and you will encounter an animal kingdom worthy of Noah's Ark: Donkeys, horses, pigs, rabbits, guinea pigs, squirrels, snakes, turtles, monkeys, dogs and all kinds of birds and fowl (e.g. chickens, pigeons, geese, ostriches, falcons). ## THE "GOING GREEN" EXPERIENCE

*Experience the nature and wilderness of Cyprus*

ALL RESORTS

Sun

**This amazing excursion** takes you deep inside the Troodos forests where you will experience the nature and wilderness of Cyprus. It's a day filled with spectacular landscapes, clean rivers, pristine air, birds, flowers, trees, rocks, soils, cliffs, fields, orchards, vineyards and lots of fun and adventure. We top it all off with great local food and probably the best wine in Cyprus.

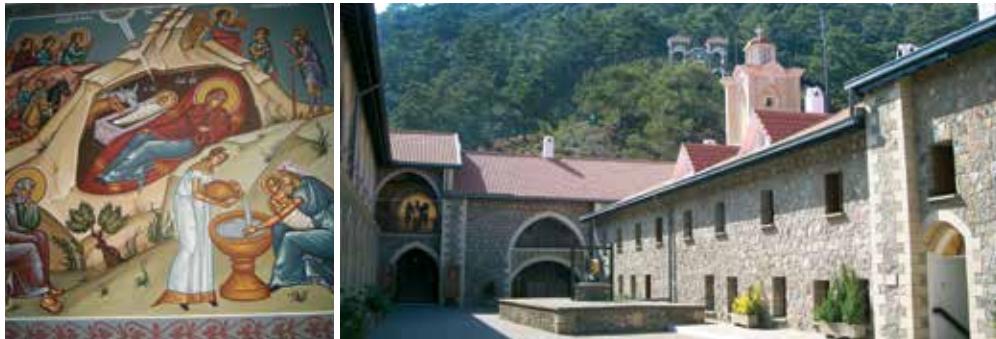

The day begins with a short stop at one of Cyprus's most enchanting locations: **Petra tou Romiou** (also known as the "Birthplace of Aphrodite"). Marvel at the dramatic rocks or have a quick drink before we head for the Pafos hinterland to visit **Chrysoroyiatissa Monastery**, described as "the most quaint and picturesque monastery on the island." There we will tour the old stone complex, the famous church and newly built museum, and may even have a chance to see modern icon painters at work. Driving deeper into the Pafos forest, a road less travelled leads to a wonderfully serene and majestic spot in the Troodos Mountains: **Cedar Valley**, named after the imposing endemic Cyprus cedar. During a walk in the forest you will hear the story of these unique trees.

We then visit a traditional **village winery** for free wine tasting and fascinating insights into the winemaking process. The mountain village of **Omodos** is famous for its narrow streets, stone architecture, and the **Timios Stavros Monastery**, which is said to house a piece of the rope used to tie Christ to the cross. You will have ample time for a stroll through the village and some souvenir shopping.

**Lunch (with wine) is included in the price!**

**Note:** Make sure to wear comfortable and solid walking shoes.

**The Excursion Leader reserves the right to make last minute changes, alterations, modifications or enhancements to the itinerary for any reasons related to safety, weather, group ability and/or logistics. Rain, river conditions and the state of roads may demand cancellation or postponement of certain elements of the original programme.**

## SURF &amp; TURF AKAMAS

*A full day of adventurous sightseeing*

ALL RESORTS

Thu

**This land & sea** combination tour features a full day of adventurous sightseeing across Cyprus's wild coastal frontier in the west, the Akamas Peninsula. Prepare for non-stop thrills, some light trekking, lots of swimming and endless fun and 'chill-out' time as we wind our way through forests, canyons and secluded beaches. We will visit the **monastery of Ayios Neofytos**, founded at the end of the 12th century by the Cypriot hermit and writer Neofytos. See the "Egkleistra", an enclosure carved out of the mountain, containing some of the finest Byzantine frescoes from the 12th to 15th century. A short walk takes you to the **Baths of Aphrodite**, a legendary, natural freshwater pool, where the goddess Aphrodite is said to have bathed in ancient times. Splash the cold, clear spring water on your face for good luck – or simply to cool down. At the **Blue Lagoon**, the incredibly clear turquoise waters, precipitous forested sea cliffs and varied wildlife create a magical landscape with an impressive visual impact.

By our comfortable open deck boat we will tour the numerous coves and offshore miniature islands to look for sea turtles and sponges. During a stop you can jump into the warm blue sea from numerous rocky ledges, and later enjoy swimming and snorkelling at the '**Blue Lagoon**', the bluest bay in Cyprus. Throughout the day, an experienced Excursion Leader will accompany you and provide information regarding the history, geology and environmental aspects of each destination, as well as interesting stories that guarantee an enjoyable and memorable day. **The price includes** all overland transportation, entrance fees, boat ride, use of snorkelling gear and a sumptuous lunch with wine.

**All you need to bring with you is your swimsuit, sensible footwear, camera... and a spirit of adventure.**

## LEFKOSIA, THE DIVIDED CAPITAL

*Tale of two cities*

ALL RESORTS

Tue

**Lefkosa is a tale of two cities.** As Cyprus's capital, it is Europe's last divided city.

During the excursion you will cross the famous 'Green Line' – a UN controlled border between the north and south – in order to explore charming attractions on both sides, such as Market Square and Ayia Sofia Church. Meanwhile, your guide will provide insight into the history of this buzzing hub of old and new.

A jam-packed day you won't forget. **Lunch is not included.**

**Note:** Make sure to bring your passport for this tour.

## TREASURES OF TROODOS - KYKKOS

*A world away from the bustle of the coast*LEMESSOS  
PAFOS

Wed

**The Troodos Mountains** offer you a welcome break from lazing on the Mediterranean beaches. Stretching across western Cyprus and rising to a height of nearly 2000m, they take you back in time to an older and wiser Cyprus; a world apart from the bustle of the coast.

The highlight of the day is the famous Kykkos Monastery, one of the richest monasteries in Cyprus. It is dedicated to Our Lady, whose icon is encased in silver to remain hidden from direct view, which is prohibited. The monastery was originally founded by the Byzantines in 1092 and is renowned for its wealth of frescoes, colourful mosaics, gold icons and glittering ornamentation. No visit to Cyprus would be complete without seeing this world-renowned monastery and the beautiful mountain range.

**Lunch is not included.**

## DISCOVER THE WEST

*A real history fest*LEMESSOS  
EAST COAST

Sun

**A real history fest**, this tour begins at Kourion, a witness to over 2,000 years of local history.

Your guide will bring the ruins back to life with vivid tales of their history, before we drive along the coast to the popular resort town of Pafos. There you will visit the Tombs of the Kings, a huge honeycomb structure carved into the rocks, offering a glimpse of the 4th century BC. Next is the House of Dionysos, a prize destination. This Roman villa dating back to the 3rd century houses beautiful mosaics – some of the Eastern Mediterranean's finest, in fact. Your tour ends with free time to stroll along the harbour or pull up a chair at a seafront restaurant.

**Lunch is not included.**

## DISCOVER KERYNIA

*Explore the picturesque port area*

ALL RESORTS

Fri

For over 33 years it was impossible to cross the border into Northern Cyprus; but now you can join us on this exclusive excursion to the untouched areas in the North. As we drive through the Venetian Walls of Lefkosa before crossing the Green Line to the northern part of Lefkosa, the difference is immediately noticeable. An older, more traditional town than the modern capital city of the south appears. High in the Pentadaktylos mountains range are the ruins of the once magnificent 800-year-old Abbey of Bellapais, with spectacular views down to Kerynia on the coast and across the northern plains. You'll have free time for lunch in Kerynia, where the castle at the end of the harbour walls is well worth a visit.

**Lunch is not included. Make sure to bring your passport for this tour.**

A visit to the ancient capital of Cyprus, **Salamis**, puts Ammochostos in its historical context. During this fairly relaxing excursion we will also explore Hellenistic theatres, Roman Colonnades, Medieval Walls and the spectacular Gothic Cathedral of **St. Nicholas**, now operating as a mosque. See the famous 'Othello's Tower', stroll through narrow streets, shop in the bazaar, and enjoy quality time on one of the best sandy beaches along the Mediterranean.
